-

Annual Billing Discount

Customers who pay annually receive a 20% discount off the monthly rate. Annual plans are billed as a single upfront payment. For example, the Professional plan billed annually costs \$758.40 per year (equivalent to \$63.20 per month).

Free Trial

All new accounts are eligible for a 14-day free trial of the Professional plan. No credit card is required to start the trial. At the end of the trial, the account is automatically downgraded to read-only mode until a subscription is activated.

Refund Policy

Vaultly offers a 30-day money-back guarantee on all paid subscription plans. If you are not satisfied with Vaultly for any reason within the first 30 days of your first paid billing cycle, contact support@vaultly.io to request a full refund. Refund requests submitted after 30 days from the initial charge date will not be honored.

Refunds are processed within 5-10 business days and returned to the original payment method. Annual plan refunds are prorated based on the number of full months remaining.

Storage Overage

If a workspace exceeds its included storage, uploads are paused until either files are deleted or the plan is upgraded. No automatic overage charges apply - Vaultly will never charge you more than your plan price without explicit confirmation.

Plan Changes

Plan upgrades take effect immediately and are prorated for the remaining billing period. Plan downgrades take effect at the start of the next billing cycle.
